

# Getting Ready to Research

## 11A Literature/Composition

### Fall 2008, Mrs. Hamilton

1. What is your primary topic or area of research?
2. Why is this topic important to you?
3. What do you hope to learn or accomplish through learning about this topic? How do you think it will help you in a meaningful and real way?
4. What do you already know about this topic?
5. What questions do you want to answer through your research?  
(identify at least five questions)
6. What information sources do you think you will use or need as of right now?
